

**This is information about the next course in the Institute for Christian Ministry, Christian College of Georgia. This is being sent to pastors and other ministers in the Region and to those who have either taken courses in the past or who have expressed an interest. We are EMPHASIZING that this course is suitable for ALL who are members of Disciples Congregations in Georgia. You need not be in preparation for ministerial STANDING in order to enroll. Our courses are geared toward laity who have a desire to serve more effectively as Disciples of Christ. Please share this news with any who you believe may have an interest.**

This course is ALSO known as “Introduction to the Old Testament” and “Old Testament Overview” – If you are seeking a good introduction to the TANAKH, or a refresher, this is a great course to take. The text book is also used for our introduction to the New Testament or the Intro to the Christian Scriptures. That course is offered LATER this Spring in Griffin.

This course does have REQUIRED READINGS for the first class session. Books will be ordered for all who have registered as instructed above, and the order will be placed on Saturday, January 30.

The cost of the textbook is \$60.00. Tuition is \$100.00  
Scholarships are available for tuition upon request.

There are FOUR Courses being offered this Spring (per my memo of awhile back) – all four are listed below, with locations and instructors. Note that we have two courses in Sandy Springs and two courses in Griffin. We are most grateful to these congregations for their partnership in hosting our courses. We have located the courses in these two congregations in order to more effectively accommodate the needs of students who live far and wide in the Region of Georgia (as well as those who live “near and narrow”??). We have twelve students enrolled in the Pastoral Care Course.
